

ListCleared Cookie Policy

Last updated: 9th September 2026

1. What are cookies?

Cookies are small text files placed on your device when you visit a website. They help the site function properly, remember your preferences, and can give us information about how the site is used.

This policy explains what cookies our website, www.listcleared.co.uk, uses and how you can control them. It should be read alongside our Privacy Policy, which can be found on our website, www.listcleared.co.uk.

2. Types of cookies we use

Type	Purpose	In use?	Can you opt out?
Strictly necessary	Required for the website to function	Yes	No – these are essential
Analytics / performance	Would help us to understand how visitors use the site (e.g. pages visited, time spent, etc) so we can improve it	Not currently used	Yes, if introduced
Functionality	Would remember choices you make (e.g. language, region)	Not currently used	Yes, if introduced
Marketing	Would track visitors across sites to deliver relevant ads or measure campaign performance	Not currently used	Yes, if introduced

If we add in any analytics, functionality or marketing cookies in the future (for example, if we connect Google Analytics) we'll update this table and the cookie list in Section 3, and our consent banner will ask for your permission before they're set.

3. Cookies we specifically use

Our website is built using Sitebuilder Pro (Site.pro). By default, this sets only strictly necessary session cookies to keep the site running, it does not set tracking or advertising cookies.

Cookie name	Provider	Purpose	Duration
Session	Site.pro (platform)	Keeps you recognised as you move between pages, rather than treated as a new visitor on each click	Session (deleted when you close your browser)
Load balancing	Site.pro (platform)	Routes traffic efficiently across servers so the site loads properly	Session
Security	Site.pro (platform)	Protects our contact and other forms from attacks	Session
Cookie consent	Site.pro (platform)	Remembers whether you accepted or declined cookies, via our cookie consent banner.	Up to 1 year

If we later add a third-party tool such as analytics embedded videos, or a payment gateway, we'll add a row here for each new cookie it introduces.

4. Third-party cookies

We don't add any tracking or advertising tools to our site beyond its default functionality. If this changes, we'll list the relevant cookies in Section 3. and add links to the providers own policies here.

5. How to control or delete cookies

You can manage cookies in several ways:

- **Our cookie banner:** built into our website via Site.Pro Cookie Policy feature, this appears when you first visit the site and lets you accept or decline non-essential cookies. Your choice is remembered for up to a year.
- **Browser settings:** most browsers let you block or delete cookies. Since the process differs by browser, see:
 - [Chrome](#)
 - [Firefox](#)
 - [Safari](#)
 - [Edge](#)

Please note that blocking some cookies may affect how our website functions.

6. Legal basis

Under the UK's Privacy and Electronic Communications Regulations (PECR), we need your consent before setting non-essential cookies (analytics, functionality, marketing), except for cookies that are strictly necessary for the site to work. We rely on the consent you give via our cookie banner for all non-essential cookies.

7. Changes to this policy

We may update this Cookie Policy from time to time, for example if we start using new tools on our site. The "last updated" date above reflects the most recent version.

8. Contact us

If you have questions about our use of cookies:
